INFORMATION CIRCULAR

(As at December 16, 2016, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general and special meeting (the "**Meeting**") of the Company to be held on January 25, 2017 and at any adjournments. Unless the context otherwise requires, references herein to the "Company" mean the Company and its subsidiaries. The Company will conduct its solicitation by mail and e-mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

All dollar amounts in this Information Circular, unless otherwise indicated, are expressed in Canadian dollars.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Attention: Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "**Nominee**"). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation permits the Company to forward meeting materials directly to "non-objecting beneficial owners". The Company is sending Meeting material directly to non-objecting beneficial owners under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*. However, the Company did not pay for intermediaries to forward to "objecting beneficial owners" Meeting materials and, accordingly, objecting beneficial owners will not receive Meeting materials unless the objecting beneficial owner's intermediary pays the cost of delivery. If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office

of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 23,367,582 shares are issued and outstanding. Persons who are registered shareholders at the close of business on December 9, 2016 (the "Record Date") will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

An ordinary resolution submitted for approval at the Meeting must be passed by a simple majority of the votes cast, in person or by proxy, at the Meeting. A special resolution must be passed by a majority of not less than 66^{2/3}% of the votes cast, in person or by proxy, at the Meeting.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company, except the following:

<i>Name</i>	<i>No. of Shares Beneficially Owned, Controlled or Directed, Directly or Indirectly</i>	<i>Percentage of Outstanding Shares</i>
Redstar Gold Corp.	6,172,730	26.4%
John E. Watson	5,335,792	22.8%

- (1) Mr. Watson also serves a director of the Company and receives no additional compensation for services as a director.

The amounts in the table above reflect the amounts he was actually paid. Mr. Watson forgave \$71,636 in salary payable to him in 2015 and \$88,944 in salary payable to him in 2016 (being the Canadian dollar equivalent of the U.S. dollar amount accrued, calculated using an exchange rate of US\$1.00 = Cdn\$1.327 and US\$1.00 = Cdn\$1.21 for the financial years ended August 31, 2016 and 2015, respectively, such exchange rates being the average of the market rate at the time of each monthly payment).
- (3) These amounts have been paid to ASI Accounting Services Inc., a company owned or controlled by Mr. Schmitz, through which he provides services to the Company.
- (4) Mr. Christensen was paid US\$31,000 for geological services provided to the Company in 2016, which is reported in the table above in Canadian dollars at an exchange rate of US\$1.00 = Cdn\$1.31.

Stock Options and Other Compensation Securities

No compensation securities were granted or issued to any director or NEO by the Company or one of its subsidiaries in the most recently completed financial year for services provided or to be provided, directly or indirectly, to the company or any of its subsidiaries. The total amount of compensation securities, and underlying securities, held by each NEO or director on the last day of the most recently completed financial year end are as follows: John Watson, 15,000 options, Ron Schmitz, 83,000 options, Odin Christensen, 117,000 options, Quinton Hennigh, 117,000 options, Wayne Yang, 117,000 options and Paul Zyla, 122,000 options, and one common shares underlies each option. No compensation security has been re-priced, cancelled and replaced, had its term extended, or otherwise been materially modified, in the most recently completed financial year. None of the options are subject to vesting provisions or any other restrictions or conditions for converting, exercising or exchanging the options.

During the most recently completed financial year no options were exercised by any director or NEO of the Company.

Stock Option Plans

The Company has a Stock Option Plan, the material terms of which are described below under “Particulars of Other Matters to be Acted Upon - Approval and Ratification of Stock Option Plan.

Employment, Consulting and Management Agreements

The President and CEO is entitled to receive US\$7,000 per month under the terms of the contract he negotiated, which was approved by the pre-Qualifying Transaction board of directors. This contract may be terminated on one month's notice, subject to payment of six months salary on termination (other than after a change of control – see the disclosure below under the heading "Termination and Change of Control Benefits").

The Chief Financial Officer is not compensated directly by the Company for management services rendered on behalf of the Company as Chief Financial Officer. The Company has engaged ASI Accounting Services Inc., a company controlled by the Chief Financial Officer, to provide accounting, secretarial and administrative services to the Company. Under the engagement of ASI Accounting Services Inc., the Chief Financial Officer receives monetary compensation for services rendered based on the amount of time spent by him from time to time on the affairs of the Company and at his standard rates.

The Company does not have a contract, agreement, plan or arrangement that provides for payments to a Named Executive Officer following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change of control of the Company or its subsidiaries, or a change in responsibilities of the NEO following a change in control, except the consulting agreement (the "**Consulting Agreement**") between the Company and the President and CEO. Under the Consulting Agreement, the President and CEO is entitled to payment of an amount equal to six times his monthly consulting fee in the event of a termination for any reason other than gross negligence or willful misconduct. The Consulting Agreement also provides that the President and CEO would be entitled to receive payment equal to 1.5 times his annual compensation if, following a change of control of the Company, he is terminated, he resigns or is subject to a reduction in capacity.

Under the terms of the Consulting Agreement, the estimated incremental payment to the President and CEO upon termination by the Company would be US\$42,000 (as at August 31, 2016), being an amount equal to six months' consulting fees. In the event that, following a change of control of the Company, the President and CEO resigns, is terminated or is subject to a reduction in capacity, the estimated incremental payment would be US\$126,000 (as at August 31, 2016), based upon an amount equal to 18 months' fees, plus the option value (\$Nil as at August 31, 2016, based on the market price less the exercise price) of his existing stock options, which continue to be exercisable for 12 months after termination. In addition, the Consulting Agreement provides that the President and CEO will be paid all amounts owing under his Consulting Agreement at the time of termination, however, at August 31, 2016 that amount is nil.

Pension Plan Benefits

The Company does not have a pension plan that provides for payments or benefits to the Named Executive Officers at, following, or in connection with retirement.

Oversight and Description of Director and Named Executive Officer Compensation

The Board of Directors determines Named Executive Officer and director compensation based on recommendations from the Company's Compensation Committee. The compensation paid is not tied to one or more performance criteria or goals. The Company awards compensation in the form of money and stock options. Only the President and Chief Executive Officer receives a salary and all other monetary compensation to NEOs (defined below) is paid on the basis of fees for services rendered to the Company from time to time at the same rates charged by the NEOs for services to others.

The President and CEO negotiated his compensation in connection with the terms of the sale by the President and CEO of the shares of NV Gold Corporation (USA) to the Company, being the Company's Qualifying Transaction in 2009.

The President and CEO's monetary compensation is set in an amount that recognizes the time he devotes to the affairs of the Company and the expertise, industry experience and skills he brings to the Company and the amount the Company can afford. In the circumstances, the Compensation Committee considers the amount he is paid is very reasonable.

The Company has a Stock Option Plan that it established to better align the interests of the Company's directors, officers and employees with the shareholders' interests. Each of the NEOs receives stock options as part of his compensation. At the time of negotiating his contract the President and CEO agreed that he would be granted fewer options than was proposed for the other directors and officers as he wanted to make sure there was a reasonable pool of options available to attract good directors and, being the largest shareholder of the Company, he already has his interests aligned with those of the shareholders.

The Company's Stock Option Plan has been and will be used to provide share purchase options, which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. The procedure the Company follows for granting options involves the President and CEO submitting proposed option awards for eligible optionees to the Compensation Committee from time-to-time and the Compensation Committee then considering the proposed awards and making a recommendation to the Board. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the "**Exchange**"), and closely align the interests of the executive officers with the interests of shareholders. The terms of the Plan are described below under "Particulars of other Matters to be acted upon at the Meeting".

The Company, at this early stage of development, believes it is appropriate to have a very simple management structure and maintain flexibility in its employment relationships through engaging consultants as needed.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board consists of six directors, four of whom are independent based upon the tests for independence set forth in NI 52-110. Peter Ball, Ken Booth, Quinton Hennigh and Paul Zyla are independent. John E. Watson is not independent as he is the President and CEO of the Company. Odin Christensen is paid for services rendered to the Company from time to time and, accordingly, is not considered independent under NI 52-110.

Management Supervision by Board

The operations of the Company do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the audit committee which is composed of a majority of independent directors. The Chairman of the Audit Committee is independent

and can communicate directly with the Company's auditors without non-independent directors being present.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information; and
2. access to management.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars. Board members have full access to the Company's records.

Ethical Business Conduct

The Board has not adopted a formal written code of ethics. The Board is of the view that the requirements of the audit committee charter and the ability of Board members to refer to outside professional advisors facilitate the Company meeting ethical business standards.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining exploration industry are consulted for possible candidates.

Compensation of Directors and the CEO

The members of the Compensation Committee are Odin Christensen and Quinton Hennigh of whom Quinton Hennigh is independent. The Compensation Committee has responsibility for determining compensation for the directors and senior management. The Company is still following the compensation structure agreed to be paid to the executive officers at the time of the Company's Qualifying Transaction in November, 2009.

Board Committees

As the size of the Company's operations does not warrant a larger board of directors or require additional committee work, the Board has determined that committees other than the Audit Committee and the Compensation Committee are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. As such, the Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval and Ratification of Stock Option Plan

The Board of Directors of the Company implemented a stock option plan (the "**Plan**") effective November 5, 2007, which was amended, restated and approved by the shareholders as of January 25, 2012. It was subsequently approved by the Exchange. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is a consultant. The Plan also provides that employees engaged in investor relations activities shall be limited to a maximum aggregate grant of options representing 2% of the issued shares on a yearly basis. Under Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"BE IT RESOLVED that the Company approve and ratify, subject to regulatory approval, the Stock Option Plan of the Company pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements (other than in respect of consultants engaged in investor relations activities), but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control occurs, the Board of Directors may make such arrangements as it deems appropriate for the exercise or continuance of outstanding options.

The full text of the Plan is available for viewing up to the date of the Meeting at the Company's offices at the address above and will also be available for review at the Meeting.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote for the approval and ratification of the Plan.

The quorum for a meeting of the Audit Committee is a majority of the members of the Audit Committee who are not officers or employees of the Company or of an "affiliate" of the Company (as defined in the *Business Corporations Act* (British Columbia)) (the "**BCA**").
