INFORMATION CIRCULAR

(As at December 8, 2020, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of the Company to be held on January 20, 2021 and at any adjournments at Suite 588, 580 Hornby Street, Vancouver, BC, Canada, V6C 3B6. Unless the context otherwise requires, references herein to the "Company" mean the Company and its subsidiaries. The Company will conduct its solicitation by mail and e-mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of this solicitation.

In order to facilitate participation in the meeting by shareholders during the current COVID-19 pandemic, the Company has arranged for the Meeting to be accessible through teleconference facilities, although votes may only be cast by voting in person, including by duly appointed proxyholders voting in person. The Company will be abiding by all applicable restrictions on personal attendance at the Meeting and cannot guarantee that every person arriving at the Meeting location will be permitted into the offices where the Meeting is taking place. Accordingly, the Company strongly encourages you to appoint a management proxyholder to vote your shares on your behalf and to participate in the Meeting by teleconference, instead of attending and voting in person. To participate in the meeting by teleconference, dial:

- (i) toll free at 1.866.633.0846, or
- (ii) local dial-in number: 604.639.5229,

and then enter conference number: 9295104# when prompted.

All dollar amounts in this Information Circular, unless otherwise indicated, are expressed in Canadian dollars.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company (the "**Management Proxyholders**").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders as of December 8, 2020 or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld

from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.**

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

RETURN OF PROXY

Submitting a form of proxy may be achieved by mail, telephone or internet in accordance with the instructions in the Form of Proxy and in all cases must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Attention: Proxy Department (100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1) not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders (sometimes referred to as "beneficial owners") because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If a non-registered holder wishes to vote by proxy, the non-registered holder should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If a non-registered holder wishes to vote at the Meeting in person, the non-registered holder should appoint himself/herself/itself as proxyholder by writing the non-registered holder's name in the space provided on the request for voting instructions or proxy provided by the Nominee and returning the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation permits the Company to forward meeting materials directly to "non-objecting beneficial owners". The Company is sending Meeting materials directly to non-objecting beneficial owners under National Instrument 54-101 – *Communication with Beneficial Owners of*

Securities of a Reporting Issuer. In addition, the Company is paying for intermediaries to forward to “objecting beneficial owners” Meeting materials. If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the “**shares**”), of which 64,803,937 shares are issued and outstanding on December 8, 2020. Persons who are registered shareholders at the close of business on December 8, 2020 (the “**Record Date**”) will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

An ordinary resolution submitted for approval at the Meeting must be passed by a simple majority of the votes cast, in person or by proxy, at the Meeting.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Stock Option Plans

The Company has a Stock Option Plan, the material terms of which are described below under "Particulars of Other Matters to be Acted Upon - Approval and Ratification of Stock Option Plan. The Stock Option Plan must be approved annually.

Employment, Consulting and Management Agreements

The Chairman and CEO (at the start of the financial year) received US\$5,000 per month for his services in such capacities until October, 2019. Starting in November 2019, the Chairman and CEO began reducing his role to further the transition to a new CEO, and received C\$2,500 per month for his services from November, 2019 until financial year end. On January 22, 2020, the date of the Company's last annual general meeting, the Chairman and CEO's title changed to Chairman and thereafter Peter Ball became President and CEO. Under the terms of the initial contract the Chairman and CEO negotiated, which was approved by the pre-Qualifying Transaction board of directors in 2009, he was entitled to be paid US\$7,000 per month for his services. Starting in September, 2016, Mr. Watson advised the Company he was willing to take a pay reduction in order to reduce the monthly G&A expenditures of the Company and ensure a greater percentage of the money raised by the Company can be directed towards exploration. The Chairman's contract may be terminated on one month's notice, subject to payment of six month's salary on termination (other than after a change of control – see the disclosure below under the heading "Termination and Change of Control Benefits").

The Chief Financial Officer is not compensated directly by the Company for management services rendered on behalf of the Company as Chief Financial Officer. The Company has engaged ASI Accounting Services Inc., a company controlled by the Chief Financial Officer, to provide accounting, secretarial and administrative services to the Company. Under the engagement of ASI Accounting Services Inc., the Chief Financial Officer indirectly receives monetary compensation for services rendered based on the amount of time spent by him from time to time on the affairs of the Company and at his standard rates.

The President and CEO (at the end of the financial year) is not compensated directly by the Company for management services rendered to the Company in such capacity and, instead, contracts his services through Ariston Capital Corp. ("**Ariston**"), a company controlled by the President and CEO. At the start of the financial year the Company had an agreement with Ariston under which Ariston provided management services of Peter A. Ball in the capacity as President and COO of the Company. Under this engagement of Ariston, the Company paid Ariston for the services of the President and COO at a rate of \$11,670 per month. Ariston was also paid a \$50,000 signing bonus in September, 2019 upon entering into this agreement. On January 22, 2020, Peter A. Ball was named President and CEO and in June, 2020, the Company entered into a new agreement with Ariston under which Ariston provides management services of Peter A. Ball in the capacity as President and CEO of the Company at a rate of C\$15,000 per month. A bonus was also paid to the President in CEO in June, 2020, in recognition of his performance as President and CEO to that point in the year, particularly in respect of his efforts to raise funds for the Company.

The Company does not have a contract, agreement, plan or arrangement that provides for payments to a Named Executive Officer following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change of control of the Company or its subsidiaries, or a change in responsibilities of the NEO following a change in control, except the consulting agreement (the "**Watson Consulting Agreement**") between the Company and the Chairman

and the consulting agreement (the "**Ball Consulting Agreement**") between the Company and the President and CEO.

Under the Watson Consulting Agreement, the Chairman is entitled to payment of an amount equal to six times his monthly consulting fee in the event of a termination for any reason other than gross negligence or willful misconduct. The Watson Consulting Agreement also provides that the Chairman would be entitled to receive payment equal to 1.5 times his annual compensation if, following a change of control of the Company, he is terminated, he resigns or is subject to a reduction in capacity.

Under the terms of the Watson Consulting Agreement, the estimated incremental payment to the Chairman upon termination by the Company would be C\$15,000 (as at August 31, 2020), being an amount equal to six months' consulting fees. In the event that, following a change of control of the Company, the Chairman resigns, is terminated or is subject to a reduction in capacity, the estimated incremental payment would be C\$45,000 (as at August 31, 2020), based upon an amount equal to 18 months' fees, plus the option value (\$57,750 as at August 31, 2020, using the closing price at year end less the exercise price) of his existing stock options, which continue to be exercisable for 12 months after termination (subject to expiry on the expiry date, if earlier). In addition, the Watson Consulting Agreement provides that the Chairman will be paid all amounts owing under his agreement at the time of termination, which amount, at August 31, 2020, is \$25,000.

In the event that the Company terminates the Ball Consulting Agreement for any reason other than a breach of such agreement by Ariston or gross negligence or willful misconduct on the part of the President and CEO, Ariston will be paid for four month's service as a termination fee, with such termination fee increasing by one month after each full year of service provided to the Company by Mr. Ball and the payment of any bonus awarded before but not paid before termination. The Ball Consulting Agreement also provides that the President and CEO would be entitled to receive payment equal to the ordinary course termination fee plus the fee for six months of his services if, within 12 months following a change of control of the Company, he is terminated.

Under the terms of the Ball Consulting Agreement, the estimated incremental payment to the President and CEO upon termination by the Company would be C\$60,000 (as at August 31, 2020), being an amount equal to four months' consulting fees. In the event that, following a change of control of the Company, the President and CEO is terminated within 12 months of the change of control, the estimated incremental payment would be C\$150,000 (as at August 31, 2020), based upon an amount equal to 10 months' fees.

Oversight and Description of Director and Named Executive Officer Compensation

The Board of Directors determines Named Executive Officer and director compensation based on recommendations from the Company's Compensation Committee. The compensation paid is not tied to one or more performance criteria or goals. The Company awards compensation in the form of money and stock options. Only the Chairman and the President and CEO received regular pay for their services in the most recently completed financial year and all other monetary compensation to NEOs (defined below) is paid on the basis of fees for services rendered to the Company from time to time at the same rates charged by the NEOs for services to others.

The former Chairman and CEO negotiated his original compensation of US\$7,000 per month in connection with the terms of the sale by the former Chairman and CEO of the shares of NV Gold Corporation (USA) to the Company, being the Company's Qualifying Transaction in 2009. In September, 2016, the former Chairman and CEO took a voluntary reduction in pay to US\$5,000 per month. In November, 2019, he took a further reduction to C\$2,500 in conjunction with a transition to a new CEO for the Company.

The former Chairman and CEO's monetary compensation was set at a level to facilitate fund raising by the Company. In the Company's opinion, his compensation is well below the market value of the time he devotes to the affairs of the Company given his expertise, industry experience and skills he brings to the Company. In the circumstances, the Compensation Committee considers the amount he is paid is very reasonable.

The current President and CEO's monetary compensation is set at a level the Company believes is competitive with market value for his role and his expertise, industry experience and skills he brings to the Company.

The Company has a Stock Option Plan that it established to better align the interests of the Company's directors, officers and employees with the shareholders' interests. Each of the NEOs receives stock options as part of his compensation as determined by the Board.

The Company's Stock Option Plan has been and will be used to provide share purchase options, which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. The procedure the Company follows for granting options involves the President and CEO submitting proposed option awards for eligible optionees to the Compensation Committee from time-to-time and the Compensation Committee then considering the proposed awards and making a recommendation to the Board. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the "**Exchange**"), and closely align the interests of the executive officers with the interests of shareholders. The terms of the Plan are described below under "Particulars of other Matters to be acted upon at the Meeting".

The Company, at this early stage of development, believes it is appropriate to have a very simple management structure and maintain flexibility in its employment relationships through engaging consultants as needed.

Pension Plan Benefits

The Company does not have a pension plan that provides for payments or benefits to the Named Executive Officers at, following, or in connection with retirement.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a director of the Company and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in matters to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

Watson, who receives money from the Company as reimbursement for office overhead costs in an agreed amount per month. These payments are not material to the Company and do not represent remuneration for services.

APPOINTMENT OF AUDITOR

Management of the Company intends to nominate Davidson & Company LLP Chartered Accountants ("**Davidson**"), for re-appointment as auditor of the Company. Davidson was first appointed as the auditor of the Company effective March 5, 2010.

MANAGEMENT CONTRACTS

Audit Committee Oversight

At no time since the commencement of the Company's most recently completed financial year was a recommendation of the Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on any of the exemptions in Sections 2.4 (*De Minimis Non-audit Services*), 6.1.1(4) (*Circumstances Affecting the Business or Operations of the Venture Issuer*), 6.1.1(5) (*Events Outside of Control of Member*), 6.1.1(6) (*Death, Incapacity or Resignation*) or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110.

Pre-Approval Policies and Procedures

The Committee has limited need for non-audit services and principally engages its auditors for non-audit services relating to the preparation of quarterly financial statements. The Company has pre-approved the Chief Financial Officer engaging the auditors for these services on an as needed basis. The engagement of auditors to perform any significant non-audit services will be decided by the Board as and when required.

<i>Financial Year Ending</i>	<i>Audit Fees</i>	<i>Audit Related Fees</i>	<i>Tax Fees</i>	<i>All Other Fees</i>
August 31, 2020	\$16,500	Nil	Nil	\$7,850

Exemption in Section 6.1 of NI 52-110

The Company is relying on the exemption in Section 6.1 of NI 52-110 from the requirement of Parts 3 (*Composition of the Audit Committee*) and 5 (*Reporting Obligations*) of NI 52-110.

CORPORATE GOVERNANCE DISCLOSURE

A summary of the responsibilities and activities and the membership of each of the Committees is set out below.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted in full. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board presently consists of five directors, three of whom are independent based upon the tests for independence set forth in NI 52-110. Odin Christensen, Quinton Hennigh and Alfred Stewart are independent. John E. Watson is not independent as he was the CEO of the Company up until January, 2020. Peter A. Ball is not independent as he is the President and CEO of the Company.

Management Supervision by Board

In 2019, the Board concluded that the Company's operations do not support a large Board of Directors and the Board determined to reduce the Board to five members. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are however able to meet at any time without any members of management, including the non-independent directors, being present. Further supervision is performed through the Audit Committee which is composed of a majority of independent directors. The Chairman of the Audit Committee is independent and can communicate directly with the Company's auditors without non-independent directors being present.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information; and
2. access to management.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars. Board members have full access to the Company's records.

Ethical Business Conduct

The Board has not adopted a formal written code of ethics. The Board is of the view that the requirements of the audit committee charter and the ability of Board members to refer to outside professional advisors facilitate the Company meeting ethical business standards.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Chairman and the President and CEO assess the functioning of the Board and its skill sets from time to time and, where a new candidate is considered beneficial, they will assess potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining exploration industry are consulted for possible candidates.

Compensation of Directors and the CEO

The members of the Compensation Committee are Odin Christensen and Quinton Hennigh, both of whom are independent. The Compensation Committee has responsibility for determining compensation for the directors and senior management. For the year ended August 31, 2020, the Company transitioned to a new CEO in January, 2020 and implemented the compensation for the new CEO in June, 2020. Until November, 2019, the Company was still following the compensation structure agreed to be paid to the chief executive officer at the time of the Company's Qualifying Transaction in November, 2009, except the Chairman (former CEO) entered into a new consulting agreement with effect from September, 2016 under which he took a voluntary reduction in pay of US\$2,000 per month. Compensation for the new CEO's services was determined through reference to compensation of other chief executive officers of junior exploration companies with similar skills and experience, as well as the extent of his time commitment to the role. As part of the transition of CEO's, the former CEO took a further reduction in monthly pay to C\$2,500 per month starting November, 2019.

Board Committees

As the size of the Company's operations does not warrant a larger board of directors or require additional committee work, the Board has determined that committees other than the Audit Committee and the Compensation Committee are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. As such, the Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval and Ratification of Stock Option Plan

The Board of Directors of the Company implemented a stock option plan (the "**Plan**") effective November 5, 2007, which was amended, restated and approved by the shareholders as of January 25, 2012 and at each Annual General Meeting thereafter. Each year, it was subsequently approved by the Exchange. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is a consultant. The Plan also provides that employees engaged in investor relations activities shall be limited to a maximum aggregate grant of options representing 2% of the issued shares on a yearly basis. Under Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"BE IT RESOLVED that the Company approve and ratify, subject to regulatory approval, the Stock Option Plan of the Company pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to

directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements (other than in respect of consultants engaged in investor relations activities), but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control occurs, the Board of Directors may make such arrangements as it deems appropriate for the exercise or continuance of outstanding options.

The full text of the Plan is available for viewing up to the date of the Meeting at the Company's offices at the address above and will also be available for review at the Meeting.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote for the approval and ratification of the Plan.
